

# LIVENOTE | Stream

The always-token-free Internet realtime service  
now broadcasts to LiveNote Stream Browser™

1 month  
**FREE!**

See back for details.

The screenshot shows a Microsoft Internet Explorer browser window titled "LiveNote | Stream - Microsoft Internet Explorer". The main content area is split into two panes. The left pane, titled "LIVENOTE | Stream", displays a video feed of a man in a dark suit, white shirt, and yellow tie, sitting at a desk. A timestamp "Nov-01-05 14:38:29" is overlaid on the video. Below the video, it says "A service provided by COURTROOM CONNECT". The right pane displays a transcript titled "Johnson, Frank - Vol. I". The transcript contains a series of questions and answers, numbered 2 through 21. At the bottom of the browser window, there is a status bar with "Realtime connected" on the left, "iChat" in the middle, and "Copyright 2000-2006 LiveNote Inc." on the right. A small "Applet C:JavaViewer started" notification is visible in the bottom left corner of the browser window.

Your clients don't need LiveNote software!  
Your realtime text and video display in the  
LiveNote Stream Browser™ interface.

Broadcast realtime transcript text  
and/or live video from the court  
reporter or videographer.

Your clients get the popular realtime  
WordWheel plus the option to use  
instant messaging with the group.
